VICTORIA PRIMARY SCHOOL

Worried About Bullying?

Working Together to Keep Every Child Safe

At Victoria Primary School, we want every child to feel **Valued, Protected and Successful.** If something has happened to you, you've seen it happen to someone else, or you're worried about possible bullying, please tell us early.

When you tell us early, we can listen, gather information, offer support and work with you to find a positive solution.

How pupils can share a concern

- ✓ Speak to your class teacher or a trusted adult in school.
- ✓ Speak to **Mr McCoy**.
- ✓ Ask a parent or carer to contact the school for you.
- ✓ Use the anonymous **"I've a concern"** system in your resource area. Anti-Bullying Ambassadors collect concerns every week.

How parents can share a concern

- ✓ Contact your child's class teacher.
- ✓ Speak to **Mr McCoy** or email dmccoy468@c2ken.net.
- ✓ Complete our new **Pupil Wellbeing, Friendship and Bullying Concern Form.**

A reminder for parents

You do not need to decide whether something is bullying before contacting us. Friendship difficulties, disagreements, unkind behaviour and bullying can look similar at first. If something is worrying your child, please tell us so we can offer support.

Why early reporting matters

Children get support sooner and we can address concerns before they grow. Parents and staff can work together to restore positive relationships and build a safe, caring and respectful school community.

No concern is too small to share.

If it matters to your child, it matters to us.
